The Seven Hybrids (Reboot)

And if she does come back, it's probably best to NOT start attacking her about leaving. She just wants a break. Don't attack her because of that. And I agree that she shouldn't have been so impulsive and left, but we don't have to rub that in. Just try to be kind if she ever comes back, okay?

I changed their ages when asked, but then Callisto kept asking me to do it even after I took in different factors... How was I 'lashing out'? I was just defending myself! It's not that I don't like her; she was really fun to rp with, and usually very kind and funny. It's just annoying that she was so repetitive about me 'not' following the rules, without explaining exactly what I needed to do. If you look, I explained their ages like 5 times, then she complained about math (which didn't even have a big part in it), then confused me by both saying to change Human Years or Dragon years, then all-capsed at me because I said I was confused and was being repetitive myself. I was just trying to defend myself... I don't see why she had to take it so seriously...

Thank you, Glamour. So, um...are we going to continue this? Or should we get rid of it now that the person who made it is gone?

Sorrel, I know she irritated you, but look. She just messed up. It kinda sucks that you can't delete/edit posts, or I think this whole thing would have gone a whole lot smoother. I personally think you were confusing her a little bit too. But I think we need to put this behind us and MOVE ON. And if you look, SHE'S KNEW. Her first post was only a few weeks ago! She doesn't have a lot of experience with this website. Like I said, I agree that she was impulsive and shouldn't have been so rash, but we need to LET. IT. GO. Just leave this RP and her alone. Again, I understand what you're trying to say. I just think we need to move on and put this behind us, okay? Maybe you or someone else could make a new one. But I think we need to leave this behind.

Technically, Sunrise made it; Callisto was just helping. I think one of us could run it until A. sunrise comes B. Callisto returns or C. We decide it's not worth it and let it die.

Sunrise made the first one, but he's not very active, so I think that's why Callisto made another. Sunrise has only posted, like, twice. I think we should just let this die and see if we can make another one. I don't think I'm ready for my ownRP quote yet, so does anyone else want to?

Sorrel, don't blame yourself for this. I mean, yeah you didn't help, but I don't think you're the main reason she left. But we can all try to make a new one, and also be welcoming if she ever does make it back.

Heeeeeeey. I'm back. I'm SO sorry for leaving, that was extremely unnecessary. I'm also kind of addicted to these forums and couldn't stay away, so...here I am. Sorrel, I want you to know that I don't want you to blame yourself for me leaving. You really didn't have anything to do with it. I have...issues. So I'm back now. Yay.
